Workshop for Registrars

Convenor – Dr Esther Myint

Douglass Hanly Moir Pathology supported by the Royal College of Pathologists of Australasia presents **Yardsticks in Surgical Pathology**

The course is designed for registrars in Anatomical Pathology and also as a refresher course for practicing pathologists. It will be held on January 20-21, 2018, commencing at 8.30am on Saturday at Douglass Hanly Moir Pathology, Macquarie Park. Attendees should arrive 15 minutes earlier to pick up their welcome pack and to set up. Onsite parking is available. The course will be highly interactive and include microscopic cases and lectures, followed by discussion of relevant, common and some unusual but important cases in surgical pathology.

Objectives

The course is designed to be relevant to different year groups, from beginners (completed first year, not doing exams) to pre-Part 1 (preparing for Part 1 exam) and pre-Part 2 (preparing for Part 2 exam), to overseas-trained specialists.

- 1) To provide a realistic approach for registrars to evaluate their levels of knowledge and progress in training.
- 2) To provide a realistic approach for overseas-trained specialists who have joined, or hope to join, the RCPA training program.
- 3) To assist registrars in developing an effective approach to unknown slides.
- 4) To discuss strategies to expand diagnostic and reporting skills.
- 5) To expose registrars to more virtual microscopy slides and cytology.

Course outline

- High-quality histology slides are presented and will be followed by an interactive discussion.

Course topics

- Microscopic Sessions: All systems of surgical pathology, including soft tissue, bone and joints, neurology, endocrine, breast, gynae, skin, head and neck, prostate, urogenital, GIT and lymphoproliferative.
- Virtual slides of small biopsies, frozen sections, immunohistochemistry stained slides and special histochemical stains. Gynae and non-gynae cytology slides.
- Keynote Lectures
 - Day 1: 'Role of Pathologists in the New Cervical Screening Program' – Adj. Prof. Annabelle Farnsworth
 - Day 2: 'My Approach to Alopecia' – Dr Vicki Howard

Cost

The cost of the course will be \$500.00 per person (inc GST), including hire of microscope from DHM, or \$400.00 per person (inc GST), with microscope to be provided by participant.

Day 1

Saturday, January 20

Time	Session/Topic
8.30am-8.45am	Registration
8.45am-8.55am	Overview – Dr Esther Myint
8.55am-9.15am	RCPA Expectations – Dr Kathy Robinson
9.15am-12.15pm	Slide Sessions (11.15am-12.15pm Beginners – Gynae cytology by Dr Patricia Guzman)
12.15pm-1.00pm	Lunch
1.00pm-2.00pm	Keynote Lecture 'Role of Pathologists in the New Cervical Screening Program' – Adj. Prof. Annabelle Farnsworth
2.00pm-4.00pm	Slide Reviews 1. Beginners Dr Cherie Wong/Dr Vallapan Thiruvilangam 2. Pre-Part 1 Dr Anita Muljono 3. Pre-Part 2 (Virtual) Dr Sophie Corbett-Burns 4. Pre-Part 2 (Slides) Dr Oana Crainic/Dr Louis Rassam
4.00pm-5.00pm	Evaluation – Dr Esther Myint

Day 2

Sunday, January 21

Time	Session/Topic
8.00am-11.00am	Slide Sessions (10.00am-11.00am Beginners – Non-gynae cytology by Dr Irene Ngu)
11.00am-12.00pm	Keynote Lecture 'My Approach to Alopecia' – Dr Vicki Howard
12.00pm-12.40pm	Lunch
12.40pm-2.30pm	Slide Reviews 1. Beginners Dr Francesca D'Souza/Dr Suzanne Danieletto 2. Pre-Part 1 Dr Kambin Nejad 3. Pre-Part 2 (Cytology) Dr Melanie Edwards/Dr Erin Morris 4. Pre-Part 2 (Slides) Dr Alison Cheah
2.30pm-3.00pm	Finish
