

Multiple patients' INR results available on a single report

Two report options are available for doctors requesting INRs: Sonic Dx and Fax

Option 1- Sonic Dx (electronic)

INR results may be downloaded from Sonic Dx into an Excel or Open Office spreadsheet

- Enter your clinic username and password
- Select Tools/Results List/specified date range required (e.g. today and yesterday)
- Select test INR

Sonic Dx

Simple, fast, intuitive mobile results

For assistance, or if you would like to be connected to Sonic Dx, please contact Client IT on 1800 653 779 or 9855 5454. Alternatively, you can email sonicdx@dhm.com.au. For more detailed information on Sonic Dx, please refer to our website, www.dhm.com.au under 'Online Services'.

Multiple patients' INR results available on a single report

Two report options are available for doctors requesting INRs: Sonic Dx and Fax

Option 2 - via Fax

We can collate all your available INR results on a single fax at times specified by you. If you wish to receive your reports in this way please contact our Database Client Services department on 9855 5336, or via email database@dhm.com.au.

Features include:

- Reports automatically faxed at nominated time
- Reports may be faxed to a nominated fax number other than the number in our database
- Critical results will still be phoned
- Any INRs processed after your last daily specified faxing time, will be faxed to your surgery the next day, at the earliest time nominated by you.

Scheduling options:

You may choose any of the following times for delivery of your fax reports:

- 7.00am, 8.00am, 9.00am, 12 noon, 2pm, 3pm, 4pm, 4.30pm, 5.00pm, 5.30pm, 6.00pm, 8.00pm

Douglass Hanly Moir recommend you select one morning time plus one, or two afternoon times.
