The blood pressure monitor is to be worn for a period of 24 hours.

Pre-test preparation

The device **must not** get wet. We advise that you shower prior to having the device fitted and avoid using body lotions, oils or powders. For your own comfort, we recommend you wear a loose fitting shirt.

Account information

The service may attract a Medicare rebate, if criteria is met. If eligibility is not indicated, payment will be required at the time the monitor is fitted. The fee is \$125,* however, pensioners and health care card holders will be charged \$95.90.* There is no charge to patients who hold a Department of Veteran Affairs card.

If you require further information, please contact the collection centre where you have booked an appointment.

*Correct at time of printing.
